

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 2015-55-E - ORDER NO. 2018-752  
NOVEMBER 13, 2018

IN RE:	Application of Duke Energy Carolinas, LLC	)	ORDER GRANTING
	to Establish a Distributed Energy Resource	)	REQUEST TO AMEND
	Program	)	TARIFF

This matter comes before the Public Service Commission of South Carolina (“Commission”) upon the request of Duke Energy Carolinas, LLC (“DEC”) to amend its tariff for its Shared Solar Program. Duke Energy Carolinas, LLC is proposing to amend its tariff for the Shared Solar Program to more closely align the tariff with the original intent of the program. The current tariff limits the maximum amount of capacity for which an individual customer may contract to only the customer's total annual energy consumption. This could permit some of DEC's larger customers to contract for a significant amount of the capacity available through the Program to the exclusion of other customers. To advance the objective of diverse participation in the Program, DEC proposes to limit the capacity available to individual participants to 500 kilowatts, or the customer's estimated annual energy usage, whichever is less. The Office of Regulatory Staff has reviewed the proposal and supports the change.

IT IS THEREFORE ORDERED:

1. Duke Energy Carolinas, LLC's request to amend its Shared Solar Program Tariff is approved.
2. This Order shall remain in full force and effect until further order of the Commission.
